(By the Associated Press)
Washington, March 21.—Republican leaders headed by Speaker Gillett and Chairman Campbell of the rules committee today agreed to bring up the compromise soldier bonus bill on Thursday under suspension of the rules, with debate limited to four hours.

This plan, first proposed by the house ways and means committee, was finally accepted today by Speaker Gillett, and a motion for this procedure will be submitted by Chairman Fordney and entertained by the chair.

PREDICT WARFARE ANEW IN IRELAND

(By the Associated Press)
London, March 21.—Dangers of the situation in Ireland were emphasized today in editorials published by all morning newspapers, several of which take the view that little more is needed to start civil war anew.

Sniping between troops entrenched on either side of the Ulster border has been going on for several days, and yesterday machine guns were brought into action, according to reports.

Disturbances were reported from all of the six counties comprising Ulster.

Dr. J. R. Jolly of near Naylor was in Conway today on his way to North Little Rock to visit his son, J. J. Jolly, who is seriously ill with pneumonia.

HUGHES TAKES SHARE IN WAR ON ROBINSON

(By the Associated Press)
Washington, March 21.—Secretary of State Hughes in a letter to Senator Lodge, read in the senate today, denied charges made yesterday by Senator Robinson that American and British delegates to the arms conference reached a secret agreement for future co-operation in restraining Japan in the Far East.

Senator Robinson's charge was made on the authority of Paul D. Cravath in a speech before the Commission on Foreign Relations at New York, in which Mr. Cravath asserted that America and Britain had agreed to control Japan by means of a big Anglo-American fleet kept at all times in the Pacific.

Introduction of the charge into the senate produced a fiery verbal clash between Senators Robinson and Lodge in which Senator Kellogg later joined. The Arkansas senator outgeneraled Senator Lodge, who would address direct questions at him and then resume speaking before a reply could be made. Senator Robinson overrode rules of order and pitched his voice above that of Senator Lodge so that his remarks were heard and recorded by the official stenographer.

MOB IS WRATHFUL AT NASHVILLE, ARK.

(By the Associated Press)
Nashville, March 21.—No clue had been obtained today to the identity of the masked men who yesterday shot and killed Walter Gibbs, 25, when he attempted to prevent the killing of Joel Harris, 60.

Harris was taken out of town after the killing and given a severe whipping. On order of the masked men, he left town immediately.

BRITAIN TO REPAY U. S. LOAN ON DOT

(By the Associated Press)
London, March 21.—Sir Robert Horne, chancellor of the exchequer, discussing the British war debt in the house of commons today, declared that British will attempt payment of the American debt without asking for conditions.

"I do not propose," Sir Robert asserted, "to make any conditions to the American government as to payment of our due obligations."

LOWER PAY SCALE BY COTTON MILLS

(By the Associated Press)
Lawrence, Mass., March 21.—Wage revision in drastic form struck Lawrence today when the Pacific Cotton Mills, normally employing 10,000 workers, and the Everett Mills, employing 1,200, announced wage cuts approximating 20 per cent. An indefinite shut down was announced at the Arlington Mills, where 7,000 are employed.

LLOYD GEORGE TO FORCE VOTE ON QUESTIONS

(By the Associated Press)
London, March 21.—Premier Lloyd George will resume his seat in the house of commons on April 3 and will immediately ask for a vote on the movements and policies of the British government in regard to the international economic conference at Genoa.

Official announcement of the premier's intention was made today by Austin Chamberlain.

(By the Associated Press)
London, March 21.—Premier Lloyd George is determined to ask for a vote of confidence, all morning papers agree, as the most certain method of relieving the acute crisis in his administration.

However, the newspaper press is not agreed as to how the premier will present his demand to the house of commons.

NOW FORECAST RIVER EXCEED 43-FOOT MARK

(By the Associated Press)
Memphis, March 21.—The Mississippi today stood at 34.4 feet on the Memphis gauge and is rising more rapidly than was predicted.

All levees in Arkansas from the Missouri line south to the mouth of the St. Francis river are being patrolled, and it was announced today that the patrol would be extended southward as the crest of the flood moves down the river.

Experienced observers of the river believe that the water will reach over 43 feet here and more than 51 at Helena, but think that the levees will hold.

FRENCH REPLACE YANKS ON RHINE

(By the Associated Press)
Paris, March 21.—American troops on the Rhine, who have been ordered to return to the United States, will be replaced in the Rhine bridgehead area by French troops, who now occupy sectors on either side of Coblenz.

FOUR SHOTS FIRED AT CHINA'S ENVOY
